

Take a walk into the outdoor environment and discuss together what you can hear.

Can you hear?

- | | | |
|-------------------------------------|----------------------------------|--------------------------------|
| ☐ Birds singing | ☐ Bees | ☐ Airplane |
| ☐ Cars | ☐ Talking | ☐ Train |
| ☐ Trees | ☐ Lawn mower | ☐ Water |

This activity provides lots of learning opportunities for children such as discovering and opening up conversations about the world we live in for example different insects, animals and ways of transport. This activity also encourages your child's communication and language skills by asking questions, listening and speaking.

You can extend these skills by simply repeating this activity together. Listen out for different sounds which you may not have heard last time. What similarities and differences are there and why that could be for example different seasons of the year.
